About

- I am an aspiring pediatric nurse with the goal of becoming a certified interpreter in the medical field. I chose USC Aiken not only because it was close to home but because it has shown to have amazing qualities that no other university has. I love that you can really connect with the students and staff here, and that everyone is always rooting for you even if you don't even know it.

Campus Involvement

- Chancellor's Office
- Student Life Office
- HSA Member

Fun Facts

- I love to read.
- Favorite Color: Purple
