About

- I am a transfer student, and this is my second year at the University of South Carolina Aiken. I chose USCA because it truly made me feel like I was at my home away from home. The second I stepped on campus, I was immediately drawn to the close-knit community and welcoming feel on campus. I am confident that I made the best decision coming to USCA. After my time at USCA, I plan to attend physical therapy school to earn my doctorate.
